Free and simple tools are available to research firms and financial professionals at **Investor.gov/CRS**, which also provides educational materials about broker-dealers, investment advisers, and investing.

Relationships and Services

What investment services and advice can you provide me?
Services: We offer investment advisory services to retail investors. These services include investment management and financial planning. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.
Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds and exchange-traded funds in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs.
Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing.
Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.
Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's **Investment Adviser Public Disclosure Page**.
Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?
Asset-Based Fees: Our asset-based fees for investment management range from 0.50% to 1.00% annually. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees.
Hourly Fees: Our hourly fees for financial planning are at a rate of $125 to $250 per hour. Hourly fees are invoiced and due upon completion of the agreed upon deliverable[s]. Hourly fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate for total hours and overall costs prior to engaging us for these services.
Other Fees & Costs: In addition to our advisory fee, you will also be responsible for platform fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.
Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's **Investment**
